Project Description: *(please use a separate page if necessary)*

The 2019 Tehama County Regional Transportation Plan will serve as the planning blueprint to guide transportation investments in the County involving local, State, and Federal funding over the next 20 years. The project area consists of the entire County of Tehama. Each project identified in the 2019 RTP contributes to system preservation, capacity enhancement, safety, and/ or multimodal enhancements. This RTP focuses on developing a coordinated and balanced multimodal regional transportation system that is financially constrained to the revenues anticipated over the life of the plan (2039). The analysis in this Initial Study focuses on those impacts that are anticipated to be potentially significant on a regional system-wide level.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
